## **Great Plains Communications Awards Red Cloud High School Grant to Purchase Greenhouse**

April 25, 2018 (Blair, Neb) - Great Plains Communications has presented Red Cloud High School with a \$4,995 grant. The money will be used to fund the school's Greenhouse Project under which students will construct a greenhouse, learn the basics of growing and caring for plants, and conduct other long-term experiments. The students will also sell plants to raise additional money, and grow vegetables to supplement the lunch program.

"Great Plains Communications is proud to support Red Cloud High School in their mission of advancing education through hands-on learning," said Laura Kocher, Director of Marketing and Public Relations.

This award is part of the Great Plains Communications "Commitment to Our Schools" program, which provides nearly \$35,000 annually to schools and students in the form of grants and scholarships.

### **About Great Plains Communications**

Great Plains Communications is the largest privately-owned telecommunications provider in Nebraska. The company provides over 90 communities across the state with high-speed Internet, Cable Television, and Voice services. Business solutions range from traditional Voice and data products to installation and support of large business networks with scalable Internet and Ethernet solutions.

At the core of their service offering is an extensive 9,500-mile regional fiber network including over 400 fiber miles in the Omaha Metro area. The network offers community access rings, last-mile, and middle-mile solutions, fully supported by their 24x7x365 Network Operations Center. The company is financially strong with over a century of experience providing reliable and innovative solutions. For more information visit [www.gpcom.com](http://www.gpcom.com).
