SECTION NO. 2. RULES AND REGULATIONS

2.1 Establishment of Service

2.1.1 Description of the Service

- A. Local exchange service is available to the general public through the facilities owned and operated by the Company in accordance with the rules and regulations of this service catalog.
- B. Charges for Company services offered under this service catalog are listed in Section 4 and consist of nonrecurring charges for service connections and certain administrative expenses and monthly recurring charges for telephone services.
- C. From time to time, the Company may offer special promotions waiving the monthly rates and/or installation charges of certain services, features, or packages of features.

ISSUED: June 20, 2007 EFFECTIVE: July 9, 2007

BY: S. Michael Jensen, Chief Executive Officer

2.1.2 Application of Business and Residence Rates

- A. Business or residence classification of subscriber service is determined by the character of use to be made of the service.
- B. Service is classified as business service and business rates apply, where the use is primarily or substantially of a business, professional, institutional or otherwise occupational nature, or where the service or any part thereof is furnished at a business location. Where the telephone number is used in connection with business, professional, institutional or occupational advertising or other promotional media, business rates will apply, except when a residence telephone number is advertised as an alternate call number in connection with a business telephone number.
- C. Business rates apply at residence locations when the subscriber has no regular business telephone and the use of the service by himself, members of his household, his guests, or parties calling him can be considered as more of a business than of a residential nature, which fact might be indicated by advertising either by business cards, newspapers, handbills, billboards, circulars, motion pictures, screens, or other advertising matter, such as on vehicles, etc.
- D. Business rates apply at residence locations when the customer has an office or other place of business on the same premises.
- E. Service is classified as residence service and residence rates apply, where the use is primarily or substantially of a social or domestic nature and the business use, if any, is incidental.

BY: S. Michael Jensen, Chief Executive Officer

2.1.3 Application for Service

- A. All applications for service shall be made with the business office of the Company. The applicant agrees to abide by the rules and regulations of the Company as specified in its approved catalog on file with the Commission.
- B. The Company will not accept applications for telephone service by a customer for another applicant or member of an indebted household.
- C. The subscribers or their agents shall be responsible for providing all easements, information and assistance as may be required by the Company for the installation of their service. No service may be established until all easements have been provided without charge to the Company.
- D. Except where public safety or lawful emergencies require expeditious handling, the Company will normally process all applications in chronological order.

2.2 Minimum Contract Periods

- A. Except as hereinafter provided or as specifically provided in this service catalog, the minimum contract period will be one month. Customers taking service for less than the minimum period will be billed for a minimum monthly charge, including installation and other nonrecurring charges, if any, as specified under the appropriate rate schedule.
- B. For directory listings, both the minimum and subsequent period will be coincident with the directory period.
- C. Where the provision of service requires unusual costs or involves special assemblies, the Company reserves the right to require a minimum contract period longer than one month.

2.3 Discontinuance of Service

2.3.1 General

- A. It is the Company's objective to provide continuous service to the subscriber and, at the same time, protect the interests of the Company. In the event that the Company must discontinue or deny service to the subscriber, the Company endeavors to implement, with due care, a fair and reasonable termination policy.
- B. The services or facilities may be discontinued by the Company if any of the following conditions occur:
 - 1. The subscriber fails to pay the Company, when due, any charges applicable to billings for telephone service, subject to PSC rules 002.16 and 002.20A. (T) Written notice shall be served to the subscriber at least seven (7) days prior to the discontinuance of services for non-payment and may be revoked if payment in full of the delinquent account is received prior to the established discontinuance date. In certain circumstances where the Company believes that it is warranted, the Company may discontinue service for non-payment within twenty-four (24) hours of notification. Such circumstances include, but are not limited to, the continued generation of excessive toll charges. Service, once suspended, shall not be restored until full payment is received plus an installation charge for reestablishing services,

2. The subscriber abuses or damages the facilities furnished by the Company.
3. The subscriber uses the facilities, anonymously or otherwise, in a manner to frighten, abuse, torment, or harass another.
4. The subscriber uses the facilities or service in such a manner as to violate any rules or regulations of the Federal and State authorities.
5. The subscriber violates any provision of the service catalog.

2.3.2 Restoral of Service

If the service is terminated because of abandonment of facilities or unauthorized use, and is subsequently restored to the same subscriber, no charge shall apply for the period during which service has been terminated.

2.4 Payment Arrangements and Credit Allowances

2.4.1 General

- A. Recurring charges shall be billed monthly in advance.
- B. Nonrecurring, and other charges shall be assessed at the time such service is provided and billed as a part of the next regular monthly bill. When service does not begin or end on the first day of a billing period the charges or fractional part thereof will be prorated in the ratio number of days involved to thirty (30) days.

ISSUED: June 20, 2007 EFFECTIVE: July 9, 2007

BY: S. Michael Jensen, Chief Executive Officer

2.4.1 General (cont'd)

- C. Special billing may be made by the Company to any subscriber where the total amount due the Company becomes unusually high without valid reason, or when the subscriber cancels service. Any special billing not paid within ten (10) days of the mailing date, in full, shall be considered delinquent.
- D. All billings presented for payment by the Company will show the type of service rendered, the related charges, and the total bill for such services.
- E. Taxes and surcharges which are levied on the Company for direct charge to the subscriber shall be added to the subscriber's monthly billing as a surcharge. Such taxes and surcharges include sales taxes, federal excise taxes, applicable franchise taxes, occupation taxes, license taxes, E-911 Surcharges, Telcomm Relay Surcharges, FCC Subscriber Line Charges, or other such charges as may be mandated by the FCC, the NPSC or any other taxing authority or governmental agency having jurisdiction over the Company.

2.4.2 Advance Payments

The Company may require applicants to make advance payments for service connection charges, installation charges, and special construction charges.

2.4.3 Handling of Checks/Late Payment Fee

Checks on banks will be accepted for payment of Company bills or other amounts due to the Company. If a check is returned by the bank due to insufficient funds or other causes, a return check charge will be assessed. If the returned check was in payment for restoration of denied service, the subscriber shall be notified that unless the check is redeemed by cash or cashier's check, all service may be immediately suspended until payment in full is made.

If a bill is considered late or delinquent, a late fee will be assessed, calculated at 1.5% of the unpaid balance or \$10.00, whichever is higher. The company will not impose interest or late payment fee for delinquent payment that is less than twenty (20) days from the date of billing.

2.4.4 Credit for Local Service Outages

For local service outages properly reported by the subscriber and for which the subscriber is not at fault, an adjustment to the regular monthly service charge is allowed as follows:

- A. No allowance is given for a service outage whose duration is less than twenty-four (24) hours after receipt of the outage notice from the subscriber. For outages greater than twenty-four (24) hours, an allowance equal to one-thirtieth (1/30) of the regular monthly recurring charges shall be made for each twenty-four (24) hours, or fraction thereof, that the service remains unusable, except that the total allowance may not exceed the regular monthly charges for service.
- B. If service is interrupted as the result of widespread disaster, and other than by the negligence or willful act of the Company, no refund shall be required unless the service remains interrupted for a period in excess of seven (7) days.
- C. Refunds will be computed by the Company, or the subscriber may request a refund specifying the outage period, date and time of restoration. The Company will, upon verification, make appropriate adjustments in its next regular billing.

ISSUED: June 20, 2007 EFFECTIVE: July 9, 2007

BY: S. Michael Jensen, Chief Executive Officer

2.4.5 Change of Occupancy

- A. When a change of occupancy or legal responsibility takes place on any premises served by the Company, notice shall be given within a reasonable time prior to such change. The outgoing subscriber is responsible for all service charges, including toll, until such notice has been properly transmitted, received and processed by the Company. If the incoming subscriber desires to continue the existing service and keep the same telephone number as the previous subscriber, he must make timely application to do so and assumes full responsibility for all billings received, including toll, from the date of the change of occupancy.
- B. In the event a home or business changes ownership during the period and a special contract or unpaid construction charges remain, the present owner must arrange to satisfy the present agreement with the Company, or make arrangements satisfactory to the Company for a new owner to assume the obligation for the balance of the application.
- C. The Company is not responsible for errors, delay or expense resulting from procedures other than those defined in this service catalog.
- D. Continuance of existing service is conditioned upon the acceptance of the present arrangement of equipment and services, including directory advertising, if the existing telephone number is retained.

2.4.6 Cancellation of Service at Subscriber Request

- A. All cancellation requests made to the Company by the subscriber shall be made to the business office of the Company. All charges will be assessed and payable upon disconnection of service.

SERVICE CATALOG NO. 1
SECTION NO. 2
ORIGINAL SHEET NO. 11

2.4.6 Cancellation of Service at Subscriber Request (cont'd.)

- B. When installation of facilities has been initiated, and prior to the establishment of service the service is cancelled, a charge equal to the estimated installed cost, less salvage value, may be applied, or a charge equal to the minimum period of service including installation charges, if any, and the full amount of any termination charges applicable.
- C. In the case of directory listing service, where the listing has appeared in the directory, monthly charges will be made to the end of the directory period, except that the charges will cease at the time:
 - 1. The contract for the main service is terminated, or
 - 2. The listing party dies or moves to some new location at which the subscriber's service in connection with which he is listed is not available.

2.4.7 Adjustments for Municipality Payments

When any municipality, other political subdivision or local agency of government collects from the Company any gross receipts tax, occupation tax, license tax, emergency call service tax or fee, permit fee, or franchise fee, such taxes and fees shall insofar as practicable, be billed prorata to the exchange customers receiving service within the territorial limits of such municipality, other political subdivision or local agency of government.

2.5 Customer Owned and Maintained Equipment (COAM)

2.5.1 General

- A. Customer-provided terminal equipment and customer provided communication systems may be connected with the facilities furnished by the Company for telephone services, as provided in this service catalog and as set forth in the FCC registration program contained in Part 68, Chapter 1, Title 47 of the Code of Federal Regulations.
- B. The customer shall be responsible for maintaining inside wiring and jacks and for all installations and modifications to the inside wiring. All installations will comply with the National Electric Safety Code as outlined in the National Bureau Standards Handbook and all existing local electric safety codes.
- C. Where telephone service is used in connection with customer-provided terminal equipment or communication systems, the operating characteristics of such equipment or systems shall be such as to:
 - 1. Not interfere with any service offerings by the Company.
 - 2. Not endanger the safety of Company employees or the general public.
 - 3. Not damage, require change in, or alteration of equipment or other facilities of the Company.
 - 4. Not interfere with the proper function and testing of Company service, equipment or facilities.
 - 5. Not impair the operation of the telephone network or otherwise injure the public in its use of the Company's services.

ISSUED: June 20, 2007 EFFECTIVE: July 9, 2007

BY: S. Michael Jensen, Chief Executive Officer

2.5.1 General (cont'd.)

- D. Upon notice from the Company that the customer-provided equipment or system is causing or is likely to cause a hazard or interfere with the proper Function and testing of the service, the customer shall make such changes as shall be necessary to remove or prevent such hazard or interference. The customer shall be responsible for the payment of all Company charges for visits by the Company to the customer's premises where a service difficulty or trouble report results from customer-provided equipment or facilities.

- E. Satisfactory performance of the telephone network requires continuing functional compatibility of the network control signals and the switching equipment involved. To assure such continuing compatibility, network control signaling shall be the responsibility of the Company.

- F. The Company shall not be responsible for the installation, operation or maintenance of any customer provided equipment or systems. Telephone service is not represented as adapted to the use of such equipment or systems. Where such equipment or systems are connected to Company facilities, the responsibility of the Company shall be limited to the furnishing, operation and maintenance of such facilities in a manner suitable for telephone service. The Company shall not be responsible for the through transmission of signals generated by customer-provided equipment or systems, or the quality or defects in such transmission, or the reception of signals by customer-provided equipment or systems.

ISSUED: June 20, 2007 EFFECTIVE: July 9, 2007

BY: S. Michael Jensen, Chief Executive Officer

2.5.1 General (cont'd)

- G. The Company shall not be responsible to the customer if changes in these conditions or in any of the facilities, operations or procedures of the Company render any customer-provided equipment obsolete, require modification or alteration of such equipment, or otherwise affect its use or performance.
- H. Where any customer provided equipment or system is used with telephone service in violation of any of these conditions, the Company will take such immediate action as necessary for the protection of the network and will promptly notify the customer of the violation. The customer shall discontinue such use of the equipment or system, or correct the violation. Failure of the customer to discontinue such use or to correct the violation shall result in suspension of the customer's service until such time as the customer complies with the provisions of this service catalog. Upon correction of the violation, the Company will reinstate the customer's services, and the appropriate service connection charges will apply.

2.5.2 Trouble Reports from Subscribers with COAM Equipment

The subscriber with COAM equipment interfacing with the facilities of the Company is responsible to determine that the COAM equipment is operating properly prior to reporting any trouble to the Company. The Company is not obligated to make any tests of its facilities until the subscriber has completed testing the COAM facilities and determined the trouble to be in the Company's equipment. If the company finds upon testing that the trouble was in the COAM equipment and not in the company's equipment, a Trouble Location Charge as shown in Section 4.7, will apply unless the customer subscribes to a wire maintenance plan.

ISSUED: June 20, 2007 EFFECTIVE: July 9, 2007

BY: S. Michael Jensen, Chief Executive Officer

2.6 Customer Complaints

- A. Customer complaints against the Company shall be made first directly to the Company. The Company shall allow complaints to be accepted and processed in a simple manner and form. Every complaint shall be promptly investigated in a fair manner and the results reported to the complainant. If the report of the investigation is made orally, the Company shall provide the complainant, upon request, the report in writing. If the Company fails to resolve a complaint to the satisfaction of the complainant, the Company shall, upon request, inform the complainant of the availability of the Commission to review the Company's investigation, and the Company shall provide the complainant with the address and telephone number of the Commission:

Nebraska Public Service Commission
300 The Atrium, 1200 "N" Street
P.O. Box 94927
Lincoln, Nebraska 68509-4927
(402) 471-3101 or (800) 526-0017

- B. The Company shall refrain from suspending or terminating service for non-payment during the pendency of a complaint before the Company or the Commission, unless otherwise provided by the Commission; provided, however, that as a condition of continued service during the pendency of such dispute a customer shall pay the undisputed portions of any bill for service.

2.7 Responsibilities of the Company

2.7.1 General

- A. The Company shall make its services available to applicants, without discrimination and in accordance with applicable Federal, State and local laws and its approved catalogs/tariffs, as a regulated public Company under the jurisdiction of the Nebraska Public Service Commission.
- B. The Company shall maintain all facilities which it furnishes to the subscriber. Facilities no longer meeting acceptable standards (except for embedded inside wire) will be repaired or replaced without charge to the customer, provided easement and rights-of-way, as required, have been furnished to the Company.
- C. Telephone directories, containing an alphabetical listing of all subscribers and classified advertisements, are issued annually by the Company. The subscriber assumes all legal responsibility in regard to the authenticity of the name listed on the application form and ultimately in the directory. The Company is liable for omissions and errors only to the extent of charges imposed for directory services, if any, and one-half of the subscriber's access line rate for the directory period.
- D. The Company shall not be responsible for the subscriber's conformance to any applicable laws, regulations or ordinances, or for any harm caused by the subscriber's neglect.

ISSUED: June 20, 2007 EFFECTIVE: July 9, 2007

BY: S. Michael Jensen, Chief Executive Officer

2.7.2 Protection of Facilities

- A. All facilities of the Company, including telephone numbers provided, are the property of the Company and may be removed or changed by it at any time if there is requirement to do so, or upon the termination of an agreement for its maintenance or discontinuance of service. The subscriber has no proprietary right to telephone numbers, and the Company may alter or change telephone numbers and other designations which, in its sole discretion, may be required to meet service demands. The subscriber is responsible for the safe keeping of all property of the Company on his/her premises and shall take all reasonable precautions against unlawful interference with such facilities. The subscriber may not interfere with or alter the facilities used in connection with Company service. The subscriber shall be responsible for any damages to the Company property caused by or permitted directly or indirectly by the subscriber or its agent.
- B. Unauthorized attachments to facilities provided to the subscriber may be removed by the Company without notice. (See information regarding customer owned and maintained equipment.) Where it can be reasonably determined that the subscriber intended to defraud or avoid payment to the Company, complete Company service may be revoked, and the subscriber may be held liable for back charges to the original installations of the unauthorized devices as though the Company had installed the service.

2.7.3 Priority of Service

The Company may not discriminate in regard to service provided to any subscriber. Normal service is provided in chronological order; however, during periods of public emergencies or when the full capacity of the Company services are not available, the Company will endeavor to provide whatever limited service is possible and on a priority system based on a current analysis of the best interests of the public.

ISSUED: June 20, 2007 EFFECTIVE: July 9, 2007

BY: S. Michael Jensen, Chief Executive Officer

2.7.4 Limits of Liability

- A. The Company will exercise all reasonable diligence to furnish and deliver regular and continuous telecommunications service to the subscriber, but will not be liable for damages caused by interruption, shortages, irregularities or failures due to accidents, interference by third parties, or conditions beyond the reasonable control of the Company.
- B. The Company will endeavor to furnish accurate billing information to the subscriber, but will not be liable for back payment on a billing error for more than 12 months.
- C. When, in the judgment of the Company, the continued provision of telecommunications service becomes unsafe, where Federal, State or local regulations place operational restriction(s) upon the Company because of unsafe or hazardous situations, or during other unusual conditions including strikes or lockouts, service as provided for in this service catalog may be temporarily suspended by the Company. In so doing, the Company shall endeavor to minimize such suspension. However, the Company assumes no liability for the inconvenience or damages suffered by the customer during such periods.
- D. The Company reserves the right to temporarily suspend service when repair, modification or improvement to the system is necessary. If not precluded by emergency conditions, the Company will make a reasonable effort to give notice to the customer either through the use of public media or individual communication. Repairs or improvements will be completed expeditiously, and so far as it is reasonably possible, the work will be performed at a time that will cause the least inconvenience to the customer.

ISSUED: June 20, 2007 EFFECTIVE: July 9, 2007

BY: S. Michael Jensen, Chief Executive Officer

2.7.4 Limits of Liability (cont'd.)

- E. The Company is not liable for any defacement or damage to the customer's premises resulting from the existence of the Company's instruments, apparatus and associated wiring thereon, or from the installation or removal thereof, when such defacement or damage is not the result of the negligence of the Company.

- F. The subscriber's facilities and equipment shall conform to all applicable laws, regulations, or ordinances as may be effective and to the conditions of this service catalog. The Company does not express, imply, or warrant the adequacy, safety, or other characteristics of subscriber owned or operated equipment by virtue of any inspection or rejection of facilities. The Company shall not be held liable in any way for subscriber-owned and maintained equipment which causes or may cause a hazardous, unsafe, or dangerous condition or threatens the health of others, even though such facilities were inspected by the Company.

2.7.5 Limited Facilities

The rights to line extension facilities constructed at cost for a subscriber shall terminate, and such facilities may be immediately available for other service requirements, upon discontinuance of service or upon thirty (30) or more days of temporary disconnect for non-payment.

ISSUED: June 20, 2007 EFFECTIVE: July 9, 2007

BY: S. Michael Jensen, Chief Executive Officer

2.8 Responsibilities of Subscribers

2.8.1 General

- A. Subscribers of the Company shall be responsible for prompt payment for all services rendered by the Company. Failure to receive a Company bill for any given period of time will not relieve the subscriber of his financial obligation. Payments may be made directly to the Company business office by mail, online or by bank collect, in accordance with the service catalog rate schedules contained herein.
- B. In the event a subscriber tampers with any service or Company-owned facilities, the Company shall have the right to immediately discontinue service without notice.
- C. The subscriber is responsible for damages to the facilities of the Company caused by negligent or willful acts of the subscriber or his authorized agents and users, including reimbursement to the Company for any losses through theft, fire or vandalism occurring as a result of such neglect.
- D. The subscriber is responsible to maintain clean, safe and hazard-free working conditions and equipment. The subscriber must also provide a clean, safe and hazard-free environment. In no case is the Company required to work in an unsafe or hazardous condition or to place in jeopardy or possible harm its personnel or facilities.
- E. The subscriber is responsible for all installation, operation, maintenance and compliance with all laws, rules and regulations for equipment and facilities provided by the subscriber for interconnection with the Company's facilities, in accordance with the rules governing Customer Owned and Maintained (COAM) equipment.

2.8.1 General (cont'd.)

- F. Any damage or harm caused by subscriber actions or failure to act on the subscriber side of the point of interconnection shall in no way be a liability of the Company.

2.8.2 Access to Subscriber Premises

- A. A properly identified employee of the Company shall have access to the premises of a subscriber at all reasonable times for the purpose of conducting Company business.
- B. If after a reasonable effort and proper notice on the part of the Company, access cannot be gained to the premises, the Company may discontinue Company service if there is a requirement to do so, until such access can be gained.

2.8.3 Authorized Use of Service and Facilities

- A. The service provided to the subscriber is exclusive and may not be used by another, nor may any subscriber charge or receive compensation from another for services or use of the facilities provided to that subscriber.
- B. All telecommunication service is provided subject to the condition that it will not be used for any unlawful purpose; nor may the Company operate outside the law or allow to be operated any service or facilities belonging to the subscriber or the Company, which might be or could become a danger or hazard to the employees, property or agents of the Company or the public in general. Any damages, injuries or harm caused by the negligence of the subscriber shall be the responsibility of the subscriber, and in no case may the Company be held liable.

SECTION NO. 3. SERVICES AND APPLICATION OF RATES AND CHARGES

3.1 General

This section includes all descriptions for telecommunications services provided by the Company.

3.1.1 Local Exchange Access Service

- A. Local exchange service is available to the general public through facilities owned and operated by the Company. In addition to providing for communication between stations within an exchange area, local exchange service is used to establish and maintain connection between an exchange station and other facilities in connection with interexchange service or extended area service.
- B. Rates apply to all subscribers of the Company. Flat rated service provides unlimited service for a specified amount.
- C. These rates only cover the provision of network access to a local customer location.
- D. The rates quoted in this service catalog for local exchange access service entitle the customer to local calls (without toll charge) to all local stations connected to a central office of the exchange.

3.1.4 Extended Area Service

A. General

Extended Area Service (EAS) is interexchange telephone service that is offered in conjunction with Local Exchange Service. Where EAS is offered between two or more exchanges, a customer in one exchange is able to place a call to the other exchange or exchanges with which EAS is offered without being assessed a long distance toll charge. If, however, the customer elects to place the call through a long distance operator or by direct dialing the call using long distance calling procedures, the call will be classified as a toll call and the customer that placed the call, or the customer that accepted charges for the call, will be billed the applicable toll charges for the call.

B. Extended Area Service Availability

The list that follows shows the Extended Area Service points for each exchange.

3.1.5 Seward Enhanced Local Area Calling Plans.

A. The Seward Enhanced Local Area Calling Plans allows for direct 10 dialing between Seward and the exchanges of Beaver Crossing, Brainard, Cordova, Crete, Davey, David City, Denton, Dorchester, Dwight, Friend, Garland, Gresham, Lincoln, Malcom, Milford, Pleasant Dale, Raymond, Rising City, Surprise, Tamora, Utica, Valparasio and Waco.

B. The Seward Enhanced Local Area Calling Plans offer customers in Seward five options. Option one allows the customer to prepay for a block of 120 minutes for \$3.00 per month. Option two allows the customer to prepay for a block of 300 minutes for \$12.00 per month. Option three allows the customer to prepay for a block of 800 minutes for \$35.00 per month. Option four allows the customer to prepay for a block of 1500 minutes for \$60.00 per month. Per minute overage rate for options one, two, three and four is \$0.10 per minute. The fifth option is for the customer to pay a per minute rate of \$0.10 for calls from Seward to the communities listed in 3.1.5 A. (C)

C. There is no call detail shown on the customer's bill. A total number of minutes used will appear on the billing statement.

3.2 Trunk Hunting

In instances where more than one access line terminates at the customer's residence or business, trunk hunting is available. The access lines or trunks are arranged in such a way that even though the same telephone number is dialed, the first available trunk is selected, regardless of the trunk number. Trunk Hunting charges are in addition to monthly charges for access lines. Service Connection Charges also apply.

3.3 Directory Assistance Service

3.3.1 General

Directory Assistance Service, as made available by the Company through this catalog, provides, upon customer initiated request from the Company's territory, published and non-listed telephone numbers when the customer dials "411".

3.3.2 Rate Application

Directory Assistance Charges, specified in Section 4, apply when a customer initiates a "411" call to Directory Assistance from the Company's serving territory. (Calls to Directory Assistance placed through an operator may also have an operator service charge added to the call.) Directory Assistance Charges are not applicable to the following:

- A. Calls placed from hotels and motels.
- B. Calls from hospitals that have, as their principal undertaking, the medical and surgical care of the sick and disabled and which provide telephones in the majority of patient rooms.

- C. Calls placed from residence telephones where a member of the customer's household has been certified by a qualified authority as unable to use a directory or from the business telephone of a certified customer where other assistance is not available. A qualified authority is defined as including doctors of medicine, ophthalmologists, optometrists, registered nurses, therapists, and professional staff of hospitals, institutions and public welfare agencies. Certification of physical disability sufficiently severe to prevent reading or using conventional reading materials may also be made by professional librarians or by any person whose competence in this area is acceptable to the Librarian of Congress of the United States.

3.4 Operator Assistance

3.4.1 General

Operator Assistance is available to the customer on local and intraLATA calls. Operator Assistance on interLATA toll calls is available to customers through other long distance toll providers. IntraLATA and local operator assistance is available on the following types of calls: credit card calls, operator station calls, and person to person calls.

3.4.2 Rate Application

- A. When a person originating a call dials zero plus the desired telephone number, and the call is billed to a calling card or special billing number, a Credit Card Charge per call will be assessed. This charge applies when automatic recording equipment is available and when it is not.
- B. When a customer dials "0" and the operator completes the call and arranges billing to the originating number, a credit card, to a third number, or as a collect call, a Station-to-Station Charge shall apply per call.

3.4 Operator Assistance (cont'd)

- C. For calls completed by an operator to a designated person or extension, a Person-to-Person Charge shall apply per call. These calls may be billed to the originating telephone number, to a credit card, to a third number, or as a collect call.
- D. The rates for Operator Assistance are in addition to the rate for each message originating from a public or semi-public phone.
- E. Operator service charges will not be subject to any discounts.
- F. Operator service charges do not apply to calls to the operator for trouble reporting, to calls made in place of direct dialed calls that encountered trouble or were cut off, or for emergency local calls to police, fire, ambulance, etc.

3.5 Busy Verification Service

3.5.1 General

- A. Busy Verification Service is furnished to customers upon request to provide line status or busy interrupt for a requested line or trunk.
- B. This service is provided where facilities exist for Line Status or Busy Interrupt through a telephone company operator for local calls and IntraLATA toll calls.
- C. The provision of Line Status involves an operator determining the condition of a line or trunk that a customer requests to be checked.
- D. The provision of Busy Interrupt involves an operator interrupting a line or trunk that a customer requests to be checked on a local call or an IntraLATA toll call.
- E. No request will be processed on a collect or reversal of charge basis.

3.5.2 Rate Application

- A. Charges for Busy Verification Service will be billed directly to the access line of the requesting party. Line Status and Busy Interrupt Charges are in addition to the rates and charges associated with local or Message Toll Service (MTS).
- B. No charge applies if the line situation indicates a trouble condition. No charge applies when the request is identified as an emergency by the customer and originates from or to emergency agencies, such as police, fire, rescue, or ambulance.

3.6 Directory Listings

3.6.1 General

- A. The Company shall provide for a single directory listing, termed the primary listing, in the telephone directory published on behalf of the incumbent local exchange carrier in the Customer's exchange area of the number which is designated as the Customer's main billing number. Directory listings of additional Customer Station numbers, other than the Customer's main billing number, associated with a Customer's service will be provided for a monthly recurring charge per listing.
- B. The alphabetical directory is a list of names of subscribers and others for whom directory listings are provided, designed solely for the information of calling parties. Alphabetical listings are, therefore, limited to information which is essential to the identification of the listed party. Arrangements of names designed to be of advertising value are not permitted, nor is any form of listing permitted which, in the judgment of the Company, does not facilitate the use of the directory, or is otherwise objectionable or unnecessary for purposes of identification.
- C. Except in connection with "Reference Listings" and "Informational Lines," alphabetical listings consist of a name, the address of the premises upon which the service is located, and the telephone number. As an aid in identification, business listings will contain a designation descriptive of the general character of the listed party's business.

Exception: In those cases in which the listed name clearly indicates the business, no designation will be included.

3.6.1 Directory Listings (cont'd)

- D. The Company has the right to limit the length of any listing to one line in the directory by the use of abbreviations when, in its judgment, the clearness of the listing or the identification of the subscriber is not impaired thereby.

3.6.2 Primary Listings

- A. Each subscriber is entitled to one listing, termed the primary listing, at no charge at the time of service. Each primary listing will include the name and number of the individual, partnership, corporation, association or governmental agency for whom the service has been contracted.
- B. The primary listing may be the trade name of an article or service, provided the subscriber is the authorized agent or representative for the particular article or service.
- C. At the request of the subscriber, the primary listing may be omitted from the directory. However, such request will not entitle the subscriber to a credit to his basic service bill.
- D. The omission of the primary listing from the directory or from the directory and information records, at subscriber request, does not entitle the subscriber to an additional listing without charge in connection with other services for which he may be subscribing.

3.6.3 Rate Application

- A. If there is a change in the listing after service is established, a Directory Listing Change Charge will apply, except when waived by the Company for administrative purposes. The charge may also be waived when a widow/widower wishes to change the name listed in the directory to that of the survivor.

- D. Customers pay a nonrecurring Directory Listing Change Charge for establishing additional listings, or foreign listings, except when waived by the Company for administrative purposes.

3.7 Service Charges

3.7.1 General

Service charges to connect, move or change telephone service are made separately according to the components of work required. Installations of inside wiring and jacks are the responsibility of the subscriber. Service charges may consist of any of the following charges:

Installation Charge - For work associated with receiving, recording, and processing information necessary to execute a customer request and for the installation or changing of central office connections required to provide or change exchange access line service. Also included is that central office work required for off-premises location of stations and for moving service from one premise to another. This charge is applied per line.

Trouble Location Charge - For each repair trip to a customer premises to test the access line up to and including the network access point, (Point of Demarcation), when the access line tests clear and trouble is not found in the Company's Facilities.

Nonpayment Reconnection Charge - For work associated with disconnecting, reconnecting, and processing information necessary when a customer is temporarily disconnected for nonpayment.

3.8 Custom Calling Services

3.8.1 General

Custom Calling Services are optional telephone service arrangements which provide one or more of the features shown below. Custom Calling Services are available where the central office equipment is designed to provide these services.

A. Call Forwarding

1. Call Forwarding-Variable allows a customer to automatically transfer all incoming calls to another telephone during the period of time this feature is activated.
2. Call Forwarding-Busy Line allows a customer to have incoming calls forwarded to another predetermined number within the same central office switch, if the called number is busy.
3. Call Forwarding-Don't Answer allows a customer to have incoming calls forwarded to another

predetermined number in a different central office switch if the customer does not answer after a preset number of ringing cycles.

B. Three-Way Calling

Three-Way Calling enables a customer to add a third party to an established connection without operator assistance. The third party may be called by the subscriber initiating the Three-Way Calling on either a local or long distance basis.

C. Speed Calling

This feature provides for the calling of a 7 or 10 digit Telephone number by dialing an abbreviated code. Speed Calling is available with either 8 or 30 programmable telephone numbers.

D. Call Waiting

When a customer is talking on the telephone, a short spurt of tone signals him that a call is waiting. The incoming caller hears a regular ringing signal. Flashing the hookswitch "holds" the first call while the second is answered. The customer can alternate between calls by flashing the hookswitch.

In locations where the Company has made it available, Call Waiting may be deactivated prior to making an outgoing call (or during a call if the customer has three-way calling).

E. Toll Restriction

This feature restricts customers from placing all or some types of outgoing toll calls. Provision of toll restriction does not alleviate customer responsibility for completed toll calls.

F. Toll Restriction with PIN

This feature allows customers who are assigned toll restriction the ability to dial an authorization code and override the toll restriction on a per call basis. Customers who are assigned this feature can access the toll network through the use of a feature access code and special PIN (personal identification number). Incoming and local calls are not affected by this feature. When a toll call is attempted on the customer's line prior to dialing the access code and PIN, the call completion will be denied. Customers have the ability to change their PIN by dialing a PIN change access code, the old PIN, and the new PIN. Provision of toll restriction does not alleviate customer responsibility for completed toll calls.

G. Call Transfer

This feature allows customers to transfer calls to another station. Disconnection by the transferring station does not cause the other party to be disconnected. A station must be assigned three-way calling in order to implement call transfer.

3.8.2 Rate Application

- A. Custom Calling Features are assessed a monthly rate.
- B. A Service Order Charge will apply only to Toll Restriction features.

3.9 Advanced Custom Calling Services

3.9.1 General

Advanced Custom Calling Services are optional telephone services which offer customers convenience, time savings, and a greater degree of control over the use of their telephones. Advanced Custom Calling Services are available where the central office equipment is designed to provide these services.

A. Caller Identification - Name and Number

Caller Identification - The feature allows for the automatic delivery of a calling party's name and telephone number to the called customer, which gives the called customer an opportunity to decide whether to answer the call. The number is displayed on customer-provided equipment.

B. Caller Identification Blocking

Caller Identification Blocking enables the customer to control the disclosure of his/her telephone number to a subscriber of Caller Identification by dialing a code before each call. Caller Identification Blocking is offered at no charge.

C. Personal Ringing

Personal Ringing allows the customer to have up to three telephone numbers with unique ringing patterns. Personal Ringing is available to residential customers only.

D. Warm Line

Warm Line enables a customer to call a predesignated number or emergency service by simply lifting the handset.

E. Repeat Dialing

Repeat Dialing allows the customer to dial an access code to have the phone continuously attempt to redial a busy number that he/she tried to call. When the line is free, the customer is alerted with a special ring, and a call will automatically be made. Repeat dialing can also be used to redial the last number.

F. Call Return

Call Return enables the customer to dial a code and have a call automatically returned to the last party who called or attempted to call.

G. Telephone Pest Control

Telephone Pest Control informs callers that the customer does not want to receive telemarketing calls. Callers will press one (1) for the call to complete. If the customer has caller ID and has activated this feature using *78 and the calling party is public, the announcement that the number does not accept calls from telemarketers will be skipped. If the called party does not have Caller ID, all calls will be screened. *79 deactivates the feature. Activation and deactivation must be done by the customer and cannot be done remotely. Telephone Pest Control cannot be placed on business groups, hunt groups, hotels, PBXs or paystations. The monthly charge applies on a per-line basis.

3.9.1 General (cont'd)

H. Selective Call Acceptance

Selective Call Acceptance allows a customer to block all but specific calling numbers. Callers who are not on the list will hear a recording that the caller's number is not on the Call Acceptance List. The customer can program accepted numbers in 10-digit format once the feature has been added to the line. The feature will be available to Residential customers only.

I. Selective Inbound Call Rejection

Selective Call Rejection allows a customer to create a list of Numbers from which they do not wish to receive calls. All calls on the screening list are intercepted and rerouted to a rejection announcement. A maximum of six numbers can be on the selective list.

J. Selective Outbound Call Blocking

Selective Outbound Call Blocking allows a customer to automatically block outbound calls to specified phone numbers.

K. Community Alert

Community Alert is a mass notification service that allows organizations to contact up to 96 people simultaneously via telephone, text or email.

3.11 Emergency Reporting Services

3.11.1 911 Service

A. General

911 Emergency Service shall mean a telephone service which provides a subscriber with the ability to reach a central location, for the purpose of reporting emergencies, by dialing the digits "911". The serving arrangement and the type of equipment to be used for the provisioning of 911 Service in a particular 911 area shall be determined by the

governing bodies having jurisdiction over such area and by availability of facilities.

3.11.1 911 Service (cont'd)

B. 911 Definitions

1. The term "Governing Body" shall mean the board of county commissioners or supervisors of a county, the city council of a city, the board of trustees of a village or the board of directors of any rural or suburban fire protection district.
2. The term "Public Safety Answering Point" shall mean the terminating end of a "911" call, be that a local fire station, the local police station, the county sheriff's office or some other specified central point as determined by the governing body.
3. The term "Selective Routing" shall mean the ability to route a subscriber's 911 call to the appropriate public safety answering point according to the address of the subscriber as specified by the governing body for this address.
4. The term "Automatic Number Identification (ANI)" shall mean a feature by which the subscriber's telephone number is forwarded to the appropriate public safety answering point.
5. The term "Class Marking" shall mean an identification code used to identify specific subscribers and route all "911" calls to the appropriate public safety answering point as specified by the governing body for the subscriber.

C. 911 Options

1. Local 911-- A customer who dials "911" will have the call terminate at a pre-established location within the local exchange serving area.
2. Basic 911-- A "911" call will be translated to a seven-digit number and will be sent to a specific location as requested by the governing body.
3. Basic 911 With Automatic Number Identification (ANI)-- A customer who dials "911" will have the call transferred to a specific location where the subscriber's telephone number will appear at the public safety answering point.

3.11.1 911 Service (cont'd)

4. Enhanced 911 (E911)-- This is a service whereby "911" calls are answered by a centralized public safety answering point. E911 service provides Selective Routing, Automatic Number Identification (ANI) and Automatic Location Identification features.

D. 911 Regulations

1. Applications for 911 Service must be executed in writing by each participating governing body.
2. 911 Service will be provided in the exchanges where the facilities are available or can be added to the existing facilities at a reasonable cost to the company.
3. A contract must be signed by the governing body BEFORE the 911 Service will be provided or BEFORE any new equipment will be purchased by the Company to provide the 911 Service.
4. It is the governing body's responsibility to insure that any/all customer-provided equipment selected to provide the 911 Service is compatible with the service and equipment provided by the Company.
5. It is the responsibility of the governing body requesting or implementing the 911 Service to notify all subscribers of any charges associated with the 911 Service, the location of the public safety answering point, and the rule governing a subscriber's "Right to Privacy".
6. All subscribers using a 911 Service will relinquish their "Right to Privacy" upon making "911" calls in exchange for

the forwarding of their subscriber information to the public safety answering point.

7. The governing body may choose one of three alternate routes for 911 calls to avoid emergency service disruption in case of a cut toll cable or a busy signal. The three choices for the alternative routing are as follows: 1) A recording will direct customers to dial another number, 2) 911 calls will be routed to the local fire bar, or 3) 911 calls will be routed to a pre-assigned number requested by the governing body. The alternate location will have the responsibility to dispatch the 911 call.

E. 911 Rate Application

1. Local 911-- There is no additional charge for this service in exchanges with digital switching capabilities.
2. Basic 911-- Either the governing body or the subscriber will assume the charge for the "911" call if routed over a long distance line. In offices with digital switching capabilities, there will be no monthly charge for this service. In offices without digital switching capabilities, there will be a one time charge for the equipment used to provide the Basic 911 Service. If dedicated lines are used to route the call, the monthly charge for the dedicated lines will be the same charge as shown in Great Plains Broadband Access Services Catalog.
3. 911 With Automatic Number Identification (ANI)-- The subscriber or the governing body will assume the charge for the 911 call if the 911 call is routed over the long distance network. If dedicated lines are used to route the call, the monthly charge for the dedicated lines will be the same charge as shown in Great Plains Broadband Tariff. There will be a monthly flat-rate charge for each exchange served by the dedicated lines.
4. Enhanced 911 (E911)-- The monthly charge for the dedicated lines will be the same charge as shown in Great Plains Broadband Access Services Catalog. There will be a monthly flat-rate charge for each exchange served by the dedicated lines.
5. The 911 rates assessed to the 911 governing body are detailed in Section 4.10.1.

F. Other 911 Charges

1. A one-time charge may be assessed to the governing body for special equipment needed to provide 911 Service. There will be a one-time charge for the provision of E911 service per digital central office.
2. At any time other than a digital cutover, a one-time charge per line will be assessed to the governing body for "class marking" in exchanges where only part of the lines are designated to a specific location when the subscriber dials "911". If the class marking is completed at the time of a digital cutover, a one-time charge will not apply.

3.13.6 Presubscription

- A. Presubscription is the process by which end user customers may select and designate to the Company an interexchange carrier to place, without any special codes, their interLATA and intraLATA calls.
- B. An end user may select a primary interexchange carrier for all of its lines, or it may indicate a different interexchange carrier for each of its lines. Only one interLATA and intraLATA carrier may be selected for each line terminating in the same hunt group.
- C. After the end user's initial selection of an interLATA and intraLATA carrier or the designation that they do not want to presubscribe to any interexchange carrier, the end user will be charged for any change in selection after conversion to Equal Access. This nonrecurring charge will be billed to the end user who is the subscriber to the Local Exchange Access Service.
- D. In the event the customer is incorrectly presubscribed, due to misassignment on the part of the Company, no charge shall apply.
- E. In the event a customer is incorrectly presubscribed due to misassignment on the part of the interexchange carrier, and the interexchange carrier is unable to document such an assignment, the Company will apply the charge to the responsible

interexchange carrier and assign the customer to an interexchange carrier of the customer's choice.
